Laser ARENA

READY FOR AN EPIC LASER BATTLE?

The laser battle takes place in a spectacular 450-square-meter arena. Inspired by space, players navigate through the maze of obstacles and platforms under UV lights. The game is most similar to paintball, except that instead of pellets, guns fire beams of infrared laser, and when a player is hit, it registers as a vibration on their vest along with accompanying sound effects.

SHOWDOWN

During the break between thrilling activities, you can indulge in a wide gastronomic selection on one of the greenest terraces in the city. Delicious burgers, pizzas, or healthy salads are just a part of our diverse offerings, and to ensure you don't go thirsty, we have prepared a premium selection of beers, spirits, and non-alcoholic beverages. Our staff will always serve you with a smile and ensure that you feel comfortable and relaxed with us. If you want your team building to be in a private setting, we can also serve food and drinks in the premium party room of our Axe Throwing Arena.
